Don Bahl  
616 San Antonio Road  
Mountain View, CA 94040

Dear Don,

We appreciate the opportunity to bid your water line replacement project at 7428 Stanford Place in Cupertino. Triple "A" Plumbing will be known as TAPS in this letter.

**Bid # 1**

TAPS will dig a trench from the meter to the house. TAPS will remove all the galvanized water pipe from the meter to the house. TAPS will install a new 1" water main from the meter to the house. TAPS will use 1" type "L" copper pipe. TAPS will install a ball valve at the house. TAPS will not replace any irrigation lines. TAPS will backfill with native materials. TAPS will compact the trench when the job is done and has passed inspection.

TAPS will replace all of the galvanized water pipe inside the foundation of the house. TAPS will be required to cut open the sheetrock to remove the old galvanized and install new copper piping. TAPS will install new ¼ turn angle stops at all appropriate fixtures. TAPS will also install new braided flex lines and a pressure balanced tub/shower valve in master bath.

TAPS will bring the existing water heater up to current code. TAPS will replace the water heater if requested for an additional \$280.59. (30 or 40-gallon water heaters only)

TAPS will not be responsible for any repair or replacement of any landscaping, sheetrock, flooring, and wall surfaces that may be damaged during the course of our work. Any additional work will be charged on at time and material basis.

TAPS will clean up all large sheetrock and pipe debris. TAPS will not be responsible for cleaning up the dust.

TAPS bid does not include any bonding or grounding. TAPS recommends an electrician do all bonding and grounding.

**LET STINKY DO IT!**

TAPS will deduct \$500.00 if the house will remain unoccupied during the re-pipe for estimate #1.

**TAPS bid is for \$7,749.00.**

**Bid # 2**

TAPS will supply and install a new tub enclosure in hall bath. TAPS will also install a new pressure balanced tub/shower valve. TAPS will be installing a new waste and overflow tub drain on the new enclosure and will connect to the existing drain line under the home.

TAPS will not repair or replace any sheetrock, or any wall surfaces that may be damaged during the course of our work.

**TAPS bid is for \$ 3,249.00.**

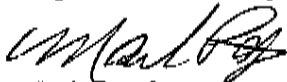

All additional work will result in an additional charge. TAPS charges additional work on a time and material basis at \$92.00 per man per hour.

Once this bid is accepted, a formal contract will be written. TAPS requires a signed contract before work begins.

Please call with any questions or when you are ready to move forward.

Sincerely,

Triple "A" Plumbing
